AUTHOR INDEX TO VOLUME 25

Note: All notices for conferences, symposia, and meetings are under one heading: ANNOUNCEMENTS (Subject Index)

ABELIOVICH D *see* KELSEY G D *et al*

ABO-AL-HASAN S J, BOYD E, and CONNOR J M Molecular analysis of X chromosomal structural abnormalities 278 *abst*

ABUELO D *see* KNISELY A S *et al*

ADAM G *see* HOLT N *et al*

ADMON D *see* GOODMAN R M *et al*

AFFLECK J *see* GIBBONS B *et al*

AITKEN D A, MAATOUK J A H, GRAHAM G W, GRACEY E, and CONNOR J M Reduced activity of enzymes bound to the microvillar membrane fraction of amniotic fluid from pregnancies with cystic fibrosis 646 *abst*

see also CROSSLEY J A *et al*
GLASS I A *et al*
GRAHAM G W *et al*

AL-AWADI S A *see* TEEBI A S *et al*

AL-GAZALI L I, ARTHUR R J, LAMB J T, HAMMER H M, HIRSCHMANN P, GIBB J, and MUELLER R F Diagnostic difficulties in counselling families at risk for tuberous sclerosis (TS) 282 *abst*

DONNAI D, and MUELLER R F Hirschsprung's disease, hypoplastic nails, and minor dysmorphic features: a distinct autosomal recessive syndrome? 758

BEERY S A, SAY B, and MUELLER R F The oculocerebrocutaneous (Delleman) syndrome: syndrome of the month 773

FARNDON P A, BURN J, MASSEY R, and MUELLER R F The Schinzel-Giedion syndrome: clinical features and natural history 275 *abst*

MUELLER R F, CAINE A, DENNIS N, ANTONIOU A, FITCHETT M, INSLEY J, GOODFELLOW P G, and HULTÉN M An XX male and two t (X;Y) females with linear skin defects and congenital microphthalmia: a new syndrome at Xp22·3 638 *abst*

AL-HASAN S J ABO- *see* ABO-AL-HASAN S J

AL-SALEH Q A *see* TEEBI A S *et al*

ALLANSON J *see* LOCKWOOD D *et al*

AMI T BEN- *see* BEN-AMI T

ANAND R *see* HONEYCOMBE J R *et al*
MEITINGER T *et al*

ANDREWS T *see* DONNAI D *et al*

ANIONWU E N, PATEL N, KANJI G, RENGES H, and BROZOVIĆ M Counselling for prenatal diagnosis of sickle cell disease and β thalassaemia major: a four year experience 769

ANSON D S *see* MATTHEWS R J *et al*

ANTON-LAMPRECHT I *see* GILLESSEN-KAESBACH G and ANTON-LAMPRECHT I

ANTONIOU A *see* AL-GAZALI L I *et al*

ARCE M A DE *see* DE ARCE M A

ARNASON A *see* JENSSON O *et al*

ARTHUR R J *see* AL-GAZALI L I *et al*

ASHLEY K *see* WINTER R M *et al*

ASSINDI A *see* TOLMIE J L *et al*

ASSOCIATION OF CLINICAL CYTOGENETICISTS, annual scientific meeting, Bristol, July 1987, abstracts 128

ATTWOOD J *see* MAZZULLO H A *et al*

AUGER M *see* PHILIP N *et al*

AULTHOUSE A L *see* HORTON W A *et al*

AWADI S A AL- *see* AL-AWADI S A

BAILEY C *see* SUPER M and BAILEY C

BAMFORTH F J and KALSHEKER N A Alpha$_1$ antitrypsin deficiency due to Pi null: clinical presentation and evidence for molecular heterogeneity 83

BARAITSER M and WINTER R M Iris coloboma, ptosis, hypertelorism, and mental retardation: a new syndrome 41

INSLEY J and WINTER R M A recognisable short stature syndrome with premature aging and pigmented naevi: case report 53

Gaucher disease, type 1
intrafamilial clinical variability, French-Canadian family 322
syndrome of the month 415
Gene mapping, balanced translocations, and microdeletion syndromes 454
Genetics
abuse, lessons from the past, lessons for the future: editorial 793
counselling, developing role 392
Disease, Prevention and Avoidance, Royal Society Discussion Meeting, Royal Society, April 1987: conference report 62
disorders, value of natural history 434
and fetal abnormality screening. The need for a British Association for Genetic Medicine. King's Fund Forum: editorial 145
social and ethical issues: editorial 289
Genetic and fetal abnormality screening, social and ethical issues 290
Medical, European School, Sestri Levante (Genoa), 6 to 12 April 1988: conference report 785
duct remnants, unusual dual, in true hermaphroditism: case report 206
Genomic imprinting, possible mechanism for parental origin effect in Huntington's chorea 805
Geroderma osteodysplastica underdiagnosis: case report 854
Glaucoma, congenital, and Friedreich's ataxia in inbred family 44
Glutamic acid transfer RNA ($tRNA^{Glu}$) gene to 1p36, chromosomal assignment of 643 *abst*
Gorlin syndrome *see* Naevoid basal cell carcinoma syndrome
Greig cephalopolysyndactyly, clinical survey, identification of mouse model, and molecular genetic studies 638 *abst*
Grönblad-Strandberg syndrome, pseudoxanthoma elasticum: syndrome of the month 488

H-*ras* 1 and INS DNA markers, linkage analysis of manic depression in Irish family using: short report 634
Habsburg jaw, another family with 838
Haemophilia B
carrier detection involving deletion of factor IX gene: short report 779
deletion of factor IX gene 644 *abst*
mutation causing complete loss of factor IX activity, molecular analysis 644 *abst*
Hb A_2 β thalassaemia, type 2 normal, clinical, haematological, and genetic studies 195
Hermaphroditism, true, unusual dual genital duct remnants: case report 206
Hinny fertility, China 128 *abst*
Hirschsprung's disease
associated with polydactyly, unilateral renal agenesis, hypertelorism, and congenital deafness, new autosomal recessive syndrome: case report 204
hypoplastic nails, and minor dysmorphic features, distinct autosomal recessive syndrome 758
Hirschsprung's disease, microcephaly, and iris coloboma, new syndrome of defective neuronal migration: dysmorphology short report 494
HLA haplotypes, maternal, increased sharing among children exposed to diphenylhydantoin during pregnancy 698
Holoprosencephaly
and postaxial polydactyly, another observation: correspondence 501
ventricular septal defect, and postaxial polydactyly in human embryo: correspondence 502
HOOD, nail-patella syndrome, hereditary, with nephropathy, genetic counselling 682
Hungary, medical genetics: medical genetics around the world 2
Hunter syndrome to Xq28, further evidence localising gene 280 *abst*
Huntington's disease
anticipation is inherited through male line but may originate in the female 589
considerations in using linkage analysis as presymptomatic test 577
genomic imprinting, possible mechanism for parental origin effect 805
media coverage 642 *abst*
pyschosocial aspects of presymptomatic predictive testing 279 *abst*
predictive testing, methods and problems 640 *abst*
Hybridisation
in situ, for localisation of chromosome breakpoints in ataxia telangiectasia lymphocytes 129 *abst*
maps 1 kb single copy gene, biotin labelled 129 *abst*
Hybridisation, non-radioactive in situ, comparisons in methodology 644 *abst*
21-Hydroxylase
A genes and C4 null phenotypes in lupus erythematosus 387
deficiency, polymorphism of complement C4 and 21 hydroxylase genes in families with 277 *abst*
prenatal diagnosis using DNA probes 283 *abst*
steroid, heterogeneity in gene locus 596
Hypertelorism, mental retardation, iris coloboma, and ptosis, new syndrome 41
Hyperthermia, malignant, associated congenital contractures and torticollis 104
Hypogonadotrophic hypogonadism, autosomal dominant 283 *abst*
Hypohidrotic ectodermal dysplasia
recognition and reanalysis of cell line 383
X linked, linkage analysis, implications for carrier detection and prenatal diagnosis 274 *abst*
Hypomelanosis of Ito, manifestation of mosaicism or chimerism 809
Hypothyroidism
severe retardation, and abnormal facies: dysmorphology short report 498
and sex chromosomes 247
Hypoxanthine-phosphoribosyl transferase activity, diagnosis using biotinylated Y specific probes in human pre-embryos 274 *abst*

Immunodeficiency, centrometric heterochromatin instability of chromosomes 1, 9, and 16, and facial anomalies, the ICF syndrome 173
INS DNA markers and H-*ras* 1, linkage analysis of manic depression in Irish family using: short report 634
Intellectual development in Apert's syndrome, long term follow up, 29 patients 164
Iris coloboma, ptosis, hypertelorism, and mental retardation, new syndrome 41
Iscove's low folate medium compared with Eagle's MEM for chromosome aberration, sister chromatid exchange frequencies and cell proliferation: technical note 419

Klinefelter's syndrome and congenital hypothyroidism and sex chromosomes 247
Klippel-Trenaunay-Weber syndrome (angio-osteohypertrophy syndrome): syndrome of the month 250

Larson syndrome, lethal type: dysmorphology short report 499
Lateral rectus muscle, absence of, associated with duplication of chromosome segment 7q32→q34: case report 122
Leukaemia
  megakaryoblastic, acute, in childhood, role of chromosome 21 130 *abst*
  myelogenous, chronic, chromosome 9 or 22 involvement hidden in aberrant translocations 130 *abst*
Limb-body wall complex, complete absence of external genitalia, two cases 340
Limb/pelvis-hypoplasia/aplasia syndrome, newly recognised, pathological features and prenatal diagnosis 687
Linkage analysis
  applied to genetic counselling in hereditary retinoblastoma 217
  considerations in using as presymptomatic test for Huntington's disease 577
  in family with X linked anophthalmos 643 *abst*
  of manic depression in Irish family using H-*ras* 1 and INS DNA markers: short report 634
  in neurofibromatosis type 1 645 *abst*
  of X linked hypohidrotic ectodermal dysplasia, implications for carrier detection and prenatal diagnosis 274 *abst*
  X linked retinitis pigmentosa, Irish population 222
  disequilibrium around cystic fibrosis locus 281 *abst*
Low density lipoprotein receptor gene, four DNA polymorphisms 653
Lupus erythematosus patients, C4 null phenotypes among 387

McCabe's disease, hereditary expansile polyostotic osteolytic dysplasia 276 *abst*
Magnetic resonance spectroscopy of muscular dystrophies 640 *abst*
Malformations, multiple, combinatorial method for grouping cases 118
Malformation syndromes *see* Congenital anomaly syndromes
Malignant hyperthermia, associated congenital contractures and torticollis 104
Manic depression, linkage analysis, Irish family using H-*ras* 1 and INS DNA markers: short report 634
Markers, genetic, on chromosome 7: gene mapping and medical genetics 294
